

Here at Guardian Soft Furnishings we have a professional and talented team of in-house interior designers that has contributed to the distinctive style and ethos of the company. Our team will be delighted to work with you on a range of options to best reflect your commercial design requirements.

The company has a large portfolio of contract clients, as well as a thriving domestic division. We are a well established company, being at the forefront of soft furnishing manufacturing and design for over 10 years. Working alongside blue chip companies and award winning designers – Macdonald Hotels, Amanda Rosa Interiors and Thompson McLeod to name but a few. We can undertake any scale of project; from supplying one pair of curtains to designing, manufacturing and installing 200+ bedroom hotels. Driving the length and breadth of the country and abroad - no distance is too far or no job too small.

Whenever you sub-contract work, you are putting your reputation on the line. You need to know you can trust and rely on your sub-contractors. Here at Guardian Soft Furnishings we take that responsibility very seriously. We know that our clients often have preferred ways of working and we tailor our services to your needs.

We know people want quality curtains and soft furnishings that look amazing and that will continue to look amazing for many years to come. We always strive for the best and go that extra mile for you, which takes a little more effort. There can be no compromise and we wouldn't have it any other way.

Our aim is to provide top quality work on time and on budget - always! As our team of upholsterers and seamstresses work in-house, this allows us to monitor the excellent quality of our work and meet approved timescales at each stage. When you work with us, you'll have your own dedicated contacts, to liaise with on any queries and who will ensure that you are happy with our service and entirely satisfied with the job.

If you are currently working on any projects where our expertise could be of assistance, please call and have a chat with one of our Design Consultants.

Please contact our Sales Team on 01786 449912 or complete our online enquiry form, for more information and pricing.
